

RESOLUTION NO. 91-171

=====

A RESOLUTION OF THE LODI CITY COUNCIL
ESTABLISHING GUIDELINES, CONTENTS, AND TIME FRAMES
OF AND FOR DEVELOPMENT PLANS

=====

WHEREAS, Ordinance No. 1521, adopted by the City Council on September 18, 1991 provides that a "Development Plan" shall be submitted for all tentative maps, parcel maps and other approvals under the Subdivision Map Act; and

WHEREAS, Ordinance No. 1521 further provides that the format and contents of such development plans shall be established by Council resolution;

NOW, THEREFORE, BE IT RESOLVED, by the City Council that the following shall apply to Development Plans:

A. Development Plan: Contents.

A development plan shall include:

1. A map showing any street system and/or lot design proposed within the development. Any area proposed to be dedicated or reserved for parks, open-space conservation, playgrounds, school sites, public buildings, churches and other such uses must be shown. Compliance with this requirement shall not be construed to relieve the applicant from compliance with City and State Subdivision regulations or any other applicable local or state laws.

2. A map showing the location of all trees over nine (9) inches in diameter with an indication of removal or incorporation into project design.
3. If required by the Community Development Department, a map showing the topography (with contour lines at one-foot intervals) shall be provided by the applicant. The map shall indicate the proposed elevations at the project boundaries and adjacent waterways;
4. The applicant shall provide a land-use plan for the proposed development indicating the areas to be used for the various purposes; a land-use map showing existing uses within the development and uses (including agricultural uses) within five hundred feet of the proposed development;
5. A plot plan for each building site or sites, except single-family residents on standard lots in the proposed development or any other portion thereof as required by the Community Development Department. A plot plan shall show the approximate location of all proposed buildings, indicate maximum and minimum distances between buildings and between buildings and property or building site lines;
6. Any or all of the following plans and diagrams may also be required to be included on the plot plan or appended thereto:
 - (a) Off-street parking and loading plan.

(b) A circulation diagram indicating the proposed movement of vehicles, goods and pedestrians within the development and to and from adjacent public thoroughfares.

7. Elevations or perspective drawings of all proposed structures, except single-family residences and their accessory buildings. Such drawings need not be the result of final architectural decisions and need not be in detail. The purpose of such drawings is to indicate within stated limits the height of proposed buildings and the general appearance of the proposed structures to the end that the entire development will have architectural unity and be in harmony with the surrounding developments;
8. Engineering data as described in the City of Lodi Public Improvement Design Standards.

B. Development Schedule.

1. An application shall be accompanied by a development schedule indicating to the best of the applicant's knowledge the approximate date when construction of the project can be expected to begin, the anticipated rate of development and the completion date. The development schedule, if approved, shall become a part of the development plan and shall be adhered to by the owner or owners of the property and his successors in interest.

2. From time to time the Planning Commission shall compare the actual development accomplished with the approved development schedules.
3. If, in the opinion of the Planning Commission, the owner or owners of property are failing or have failed to meet the approved schedule, the Planning Commission may initiate proceedings to amend or revoke the approval of the development plan.
4. If the Tentative Subdivision Map is not filed one year after approved, the Planning Commission may forfeit the approved allocations to the next project on the list.
5. If the Planning Commission determines that a proposed Development Plan will require multi-year allocation to complete, each year of the development schedule shall be approved for a stated number and type of residential units.
6. Tentative Subdivision Maps will not be accepted until the Planning Commission has approved the Development Plan and Development Schedule and allocated the number of units either on a single-year or multi-year basis. The City may require individual tentative maps for each year's phasing of multi-year allocations.

C. Applications for Allocation: Time.

1. The application period for allocation of residential units in the City shall open July 1 and close October 1 of each year.

2. The City shall make a Determination of Completeness by November 1 of the same year.

3. An Initial Study under the California Environmental Quality Act shall be completed and a preliminary point score evaluation of the project, utilizing the criteria adopted by Council resolution hereunder, shall be done by the City no later than December 1.

4. On or before the following March 1, a Draft Environmental Impact Report (if required) shall be completed.

5. The period for public review/comment on the Draft Environmental Impact Report shall end April 15 and the final Environmental Impact Report completed by May 1.

6. The Planning Commission and City Council shall thereafter, not later than July 1, conduct all necessary public hearings and reviews of the proposed projects, and shall approve or deny such proposals.

7. Based on such hearings/reviews and by reference to the point system evaluation described in this Chapter, the City Council shall, not later than September 30, allocate approvals of residential units. Thereafter, applicant shall submit a tentative map for a project, utilizing the number of allocated units awarded for each year.
